

Integer Overflow – Press Fact Sheet

About Integer Overflow

Integer Overflow is a small independent UK games studio with a retro heart.

Integer Overflow was founded by developers who grew up in the arcade and VHS era. The team started out on the Commodore Amiga and has more than 30 years of development experience, with 80+ titles across PC, console, handheld and commercial projects. The studio now focuses on original games, starting with the VHS Horror Series, with new genres on the way.

Based in: United Kingdom · **Website:** integeroverflow.co.uk

Games

VHS Vermin (Part 1) · Released 27 December 2025 · PC (Steam, Windows) · Retro survival-horror FPS · £0.95 · [Steam page](#)

Press play on a grimy 1980s horror tape. VHS Vermin is a retro survival-horror FPS and Part 1 of the VHS Horror Series: shoot, dodge and reload through three standalone horror tapes and a wrap-around town story, with scarce ammo, mutated spiders, slugs and worms, and hidden targets to hunt.

VHS Freaks (Part 2) · Released 3 April 2026 · PC (Steam, Windows) · Retro survival-horror FPS · £5.99 · [Steam page](#)

Press play on the second tape of 1980s VHS horror. VHS Freaks is a retro survival-horror FPS and Part 2 of the VHS Horror Series: shoot your way through three standalone horror tapes linked by a trailer-park wrap-around, facing mutants, ghosts, possessed mannequins and cannibals with scarce ammo.

VHS-Aliens (Part 3) · Released 29 June 2026 · PC (Steam, Windows) · Retro survival-horror FPS · £5.99 · [Steam page](#)

Press play on the final tape of 1980s VHS horror. VHS-Aliens is a retro survival-horror FPS and Part 3 of the VHS Horror Series: fight parasites, demonic aliens and possessed hosts across three standalone invasion tapes and a wrap-around story, with scarce ammo. Play it first or finish the trilogy.

VHS Horror Series – Complete Trilogy (bundle of all three games) · Available now · PC (Steam, Windows) · £7.49 (42% bundle discount; £12.93 bought separately) · [Steam page](#)

Press play on the complete VHS Horror Series. Three retro survival-horror FPS games on grimy 1980s tape: VHS Vermin's mutated spiders and slugs, VHS Freaks' trailer-park mutants and cannibals, and VHS-Aliens' parasites and possessed hosts. Already own one? You only pay for the games you're missing.

Earlier games: Vektor Wars (2015) and Gates of Hell (2019), both on Steam.
